## REASONS FOR ALLOWANCE

Page 2

1. This Office Action is responsive to the Amendment filed on 6/21/05.

2. Claims 1-12 and 14-19 are allowed.

3. The following is an examiner's statement of reasons for allowance:

-Regarding to independent claim 1, none of prior art of record teaches or suggests a system as claimed. Prior art of record fails to teach, at least, the limitation "a second circuit connected to said first circuit and configured to invert said parallel signal in response to a control signal in an inverting state", in combinations with other limitations recited in the claim.

-Regarding to independent claim 7, none of prior art of record teaches or suggests a method as claimed. Prior art of record fails to teach, at least, the limitation "inverting said parallel signal in response to a control signal in an inverting state", in combinations with other limitations recited in the claim.

-Regarding to independent claim 14, none of prior art of record teaches or suggests a system as claimed. Prior art of record fails to teach, at least, the limitation "a first inverter circuit connected to said transceiver circuit and configured to invert said first differential serial signal in response to a first control signal in an inverting state", in combinations with other limitations recited in the claim.

-Regarding to independent claim 17, none of prior art of record teaches or suggests a method as claimed. Prior art of record fails to teach, at least, the limitation "inverting said first differential interface in response to a first control signal in an inverting state", in combinations with other limitations recited in the claim.
